Indicative Content

- The student will be required to complete a portfolio of assignments as set by the WIT coordinator, using the approved templates. Assignments content will include a set of reflective journals, detailing their work and/or study experience and outlining their personal and professional understanding, learning and growth
- The portfolio will be submitted to the WIT coordinator

Learning Outcomes

On successful completion of this module, a student will be able to:

1. Appraise the learning experience resulting from their work and/or study experience.
2. Determine and present personal skills and competencies along with strengths and areas for further growth and development.
3. Demonstrate the principles and practice of reflective learning.
4. Communicate the aims, expectations and objectives of all parties to the placement

Learning and Teaching Methods

- The student will receive sample assignments and guidance on reflective learning prior to the placement elective module.
- Review with the work placement co-ordinator and/or academic mentor.
